

TravelOffice este un important software de consultanta pentru agentile de turism

Pe langa pachetele turistice, oferte de ultima ora, hoteluri, zboruri charter si apartamente de vacanta sunt disponibile o serie de informatii suplimentare.

TravelOffice este un software puternic prin intermediul caruia puteti accesa detalii despre hoteluri si destinatii turistice prin doar cateva click-uri de mouse.

Prezentarea clara si structura logica il recomanda ca fiind un produs usor de utilizat pentru a gasi cele mai potrivite oferte turistice; cerintele speciale ale clientilor pot fi astfel gestionate cu usurinta.

Un suport deosebit in consultanta oferita clientilor il reprezinta pe langa datele importante de calatorie, furnizarea unor informatii complexe despre destinatiile de vacanta, imagini si descrieri ale hotelurilor.

Conexiunea cu sistemul de rezervari ofera posibilitatea finalizarii rezervarilor prin doar cateva click-uri de mouse.

Verificarea ofertelor se realizeaza prin ceea ce se numeste "fuzzy logic".

Pe langa criteriile specificate, aceasta metoda de cautare ia in considerare si criterii aditionale similare. Astfel, sunt afisate si oferte cu date de calatorie si orase de plecare alternative, tipuri de mancare sau camere de hotel similare cu cele dorite.

Cu ajutorul acestui manual puteti prin exemplele practice prezentate, sa invatati sa lucrati cu TravelOffice si sa gasiti singuri "drumul" catre rezultatul dorit.

Instalare

Pentru **instalarea** aplicatiei accesati pagina de web: www.bistroportal.de

Dupa ce faceti click pe prima optiune de [Download](#), cea de sub optiunea Vollversion (5.0.1.9), se va deschide o noua fereastra. Este obligatoriu sa salvati fisierul respectiv pe PC-ul Dvs.

Imediat ce aplicatia a fost descarcata, procedura de instalare incepe automat.

Urmati instructiunile de instalare de pe ecran si raspundeti la intrebari dand click pe "Continue".

User data

TravelOffice porneste automat dupa ce instalarea a fost finalizata cu success.
Daca nu ati primit datele care va permit accesul, va rugam sa contactati Amadeus Romania.

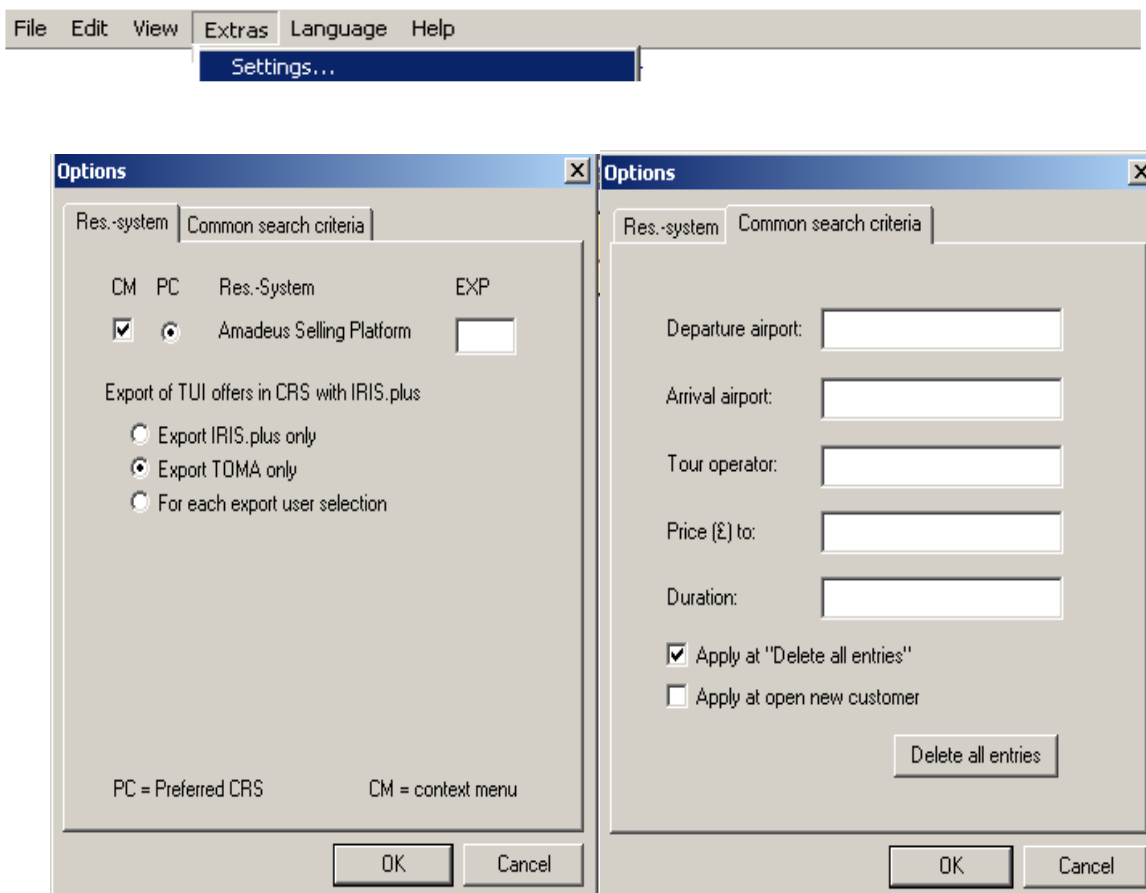

Va rugam sa introduceti datele de acces in fereastra **LOGIN DIALOGUE**. Daca nu doriti ca de fiecare data cand accesati TravelOffice sa introduceti datele respective, va recomandam sa activati optiunea "**Retain Settings**"

The image shows a "Login" dialog box with a blue title bar and a close button. It contains three text input fields: "User:" with placeholder "<username>", "Password:" with placeholder "<password>", and "Agent identifier:" with placeholder "<organizer>". Below the fields are two checkboxes: "Retain Settings" and "Auto-Login", both of which are unchecked. To the right of the checkboxes are two buttons: a green "Login" button and a blue "Cancel" button. On the left side of the dialog, there is a blue eye icon.

Settings

Dupa ce v-ati logat in TravelOffice prima data, va recomandam sa accesati SETTINGS de la optiunea EXTRAS a meniului..

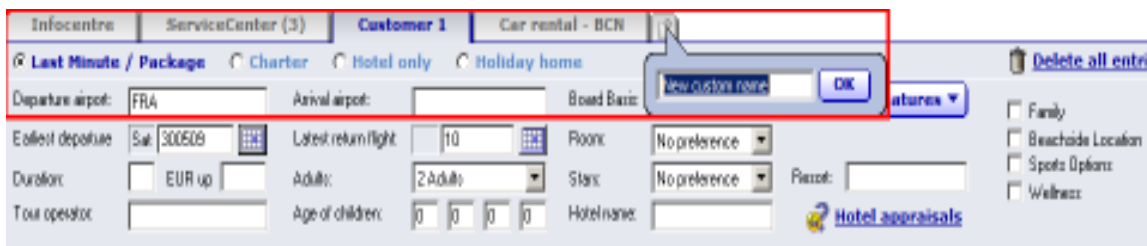

Aici puteti efectua setarile pentru sistemul instalat pe PC-ul Dvs.
In coloana din stanga selectati CRS-ul instalat pe PC-ul Dvs.

Daca doriti, campul EXP se poate completa cu Personal Agent Code (PAC), iar in momentul traserii rezervarii din TravelOffice in masca TOMA, PAC-ul este stocat automat.

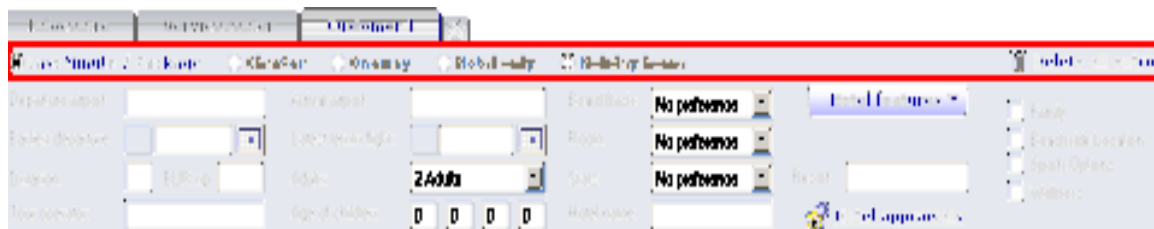

In cazul in care PC-ul respectiv este utilizat de mai multi agenti, NU recomandam salvarea PAC-ului, deoarece acest lucru poate conduce la generarea unor rezervari cu un cod incorect.

In COMMON SEARCH CRITERIA se pot realiza diferite presetari. De exemplu, se pot introduce codurile aeroporturilor de plecare astfel incat, la inceperea unei cautari, campurile corespunzatoare acestora vor fi completate automat.

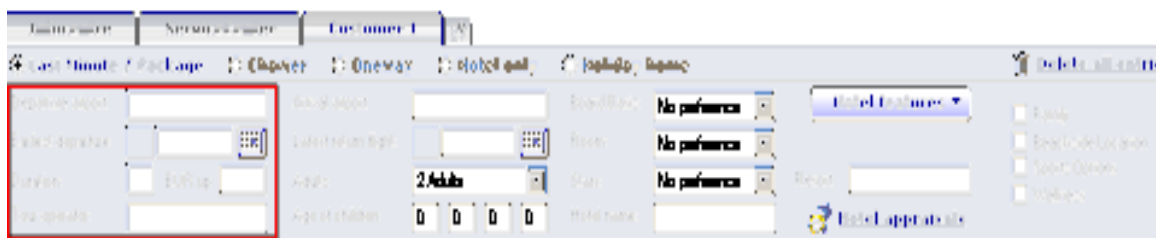

User interface

Folositi mouse-ul sau tasta TAB pentru a va deplasa de la o sectiune la alta (InfoCenter, ServiceCenter, Customer1). Interfata de lucru se afla sub sectiunea Customer 1 si eventualele interfețe de lucru aditionale create de Dvs (ex. Customer 2, Customer 3, etc)

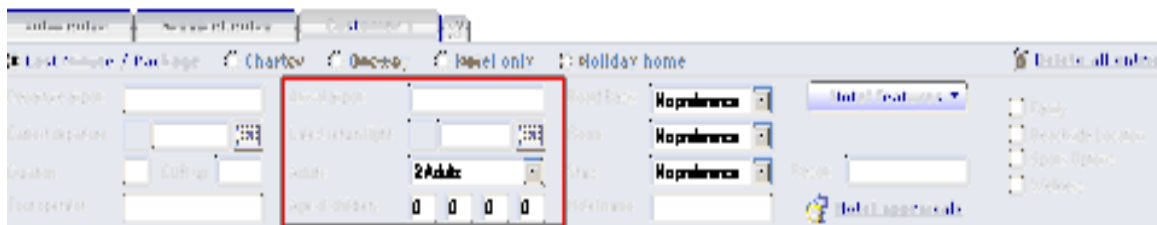

Inainte de a incepe cautarea, selectati tipul de calatorie dorit din campul marcat cu rosu: Last Minute/Package, Charter, Oneway, Hotel Only, Holiday home.

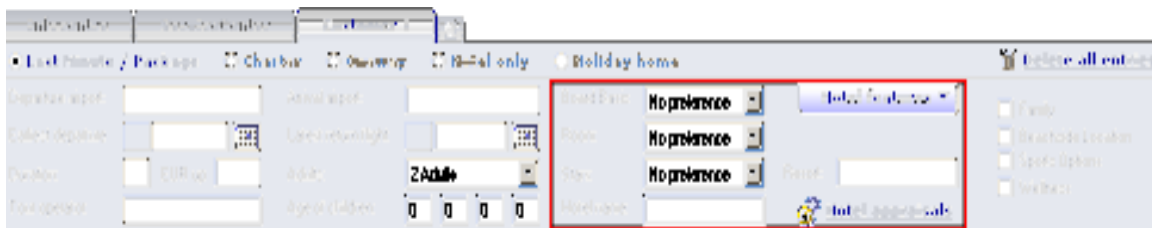

In campul **“Departure airport”**, aveti posibilitatea sa introduceti mai multe coduri de aeroport, iar data de plecare in format **“DDMM”** se poate completa in campul **“Earliest Departure”**.

De asemenea, puteti specifica durata calatoriei completand campul **“Duration”**. Daca doriti sa afisati oferta unui anumit tour operator, completati campul **“Tour operator”** specificand codul/codurile tour operatorilor respectivi.

In campul **“Arrival airport”** introduceti codul de 3 litere al aeroportului de sosire. In campul **“Latest return date”** puteti specifica data de intoarcere in format **“DDMMZ”**. Numarul de persoane se selecteaza din lista aflata in dreptul campului **“Adults”**. Varsta copiilor se introduce in campurile **“Age of children”**.

User interface

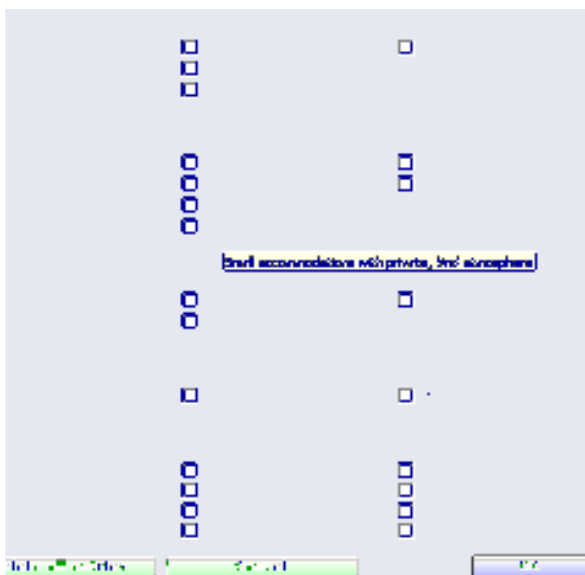

Aveti posibilitatea sa utilizati meniurile de selectie pentru a stabili tipul de cazare si masa. Meniul de selectie din dreptul campului "Stars" poate fi folosit pentru selectarea numarului minim de stele pe care doriti sa-l detina hotelul/hotelurile pe care le cautati.

Se poate specifica numele hotelului sau o parte din numele acestuia in campul "Hotel name".

Selectati caracteristicile pe care doriti sa le detina hotelul, prin click pe butonul "Hotel features".

Daca faceti click pe butonul "Hotel Features" se deschide o fereastra din care puteti selecta facilitatile pe care doriti sa le aiba hotelul cautat.

Cele 30 de caracteristici prezente in fereastra respectiva sunt impartite in 5 sectiuni:

"Target group", "Accommodation/Surroundings", "Body & soul", "Active holiday" and "Sports".

Folositi aceasta masca pentru mai multa rapiditate si precizie in oferirea informatiilor.

Availability list

Working with the availability list

Ultimile 6 oferte verificate sunt afisate in partea dreapta a ecranului ce contine oferta detaliata a hotelului selectat.

In acest fel puteti, de exemplu, sa faceti o recapitulare a diferitelor hoteluri cu locuri disponibile, dintr-o anumita regiune, la datele de calatorie dorite.

Cel mai interesant aspect referitor la lista ofertelor disponibile este afisarea tarifului total.

Acest lucru faciliteaza compararea preturilor pentru pachetele de familie.

Plasati timp de cateva secunde cursorul mouse-lui peste tariful – componentele tarificare vor fi afisate intr-o mica fereastra.

If you're looking for somewhere contemporary yet full of character, try the hotel Athens Beach for stay

A glittering white complex, built right on a gold-dust beach, with amazing views right out over the turquoise blue waters of the Mediterranean, it sets quite a standard and you'll soon see why visitors flock back here again and again. It's certainly well worth watching magic on view from the world go. Coming here is not a mistake, the special hotel also has a fantastic range of health and sporting facilities, so if you need somewhere with lots to keep you on your toes, this is right up your alley. There are 2 outdoor tennis courts, a 9th hole putting green, volleyball and mini golf to name but a few, and you'll also find a well-equipped fitness room with aerobic classes. If you've come to kickback though, you'll be equally as served. The Aquadix Spa Centre is a pretty good place to start. Think aromatic steam, Thai massage, steam baths with gentle evening rituals. Think indulgent massages that soothe you off to sleep. However, and it gets better. Fed out to the three infinity-edged pools complete with whirlpool tubs and private bar and get into the chilled out swing of relaxing in style. From here, gorgeous gardens lead slowly down to the sprawling sands so you really are spoilt for choice. When it comes to dining, the sophistication just keeps coming, with a choice of restaurants including an à la carte option and a fixed dining.
